Please be as specific as possible regarding the sources of debt service payments.

NOTE: The 2002 Series A and B Bonds were refunded through the issuance of the 2012 A and B Bonds on March 1, 2012.

Facilities Master Plan/Capital Projects Request

Instructions for the Completion of the
Capital Requirements Summary and Needs Assessment Forms

PRIORITY FORM - 1A	PRIORITY FORM - 1B	DESCRIPTION AND JUSTIFICATIONS:
1		<p><u>Parking Deck</u></p> <p>In the 2008 Campus Master Plan it was identified that ASU would become a pedestrian friendly campus. Therefore, parking decks are going to be built to accommodate the lack of parking spaces on the main campus.</p>
2		<p><u>New Student Residence Halls</u></p> <p>In the 2008 Campus Master Plan it was identified that ASU has planned to build new resident hall to accommodate the growing enrollment of the University.</p>
3		<p><u>Plaza</u></p> <p>In the 2008 Campus Master Plan it was identified that ASU has plans to build an on-campus plaza creating a safe social environment where students can socialize without having to leave campus.</p>
4		<p><u>Acquisition of Campus Properties</u></p> <p>Property consists of approximately 65 acres on East perimeter of the Campus. Will be used for essential expansion of operations. Physical Plant, Inventory and Property Control Department, and Purchasing operations have already been relocated to acquired acreage in the area</p>
5		<p><u>Landscape Campus</u></p> <p>The master plan builds on existing landscape elements to improve the campus environment, strengthen connections and enhance the campus identity.</p>
6		<p><u>Street Scapes</u></p> <p>The master plan identifies several key gateways that are portals to the campus which mark the transition to the campus from the adjacent areas. The gateways help to convey the University's identity, and should be designed consistently within a comprehensive landscape strategy for the campus.</p>
7		<p><u>ADA Compliance</u></p> <p>There are several areas on campus and in campus facilities which need upgrading to fully comply with ADA codes, which would allow access to programs without inconveniently relocating programs.</p>
8		<p><u>Replace / Repair Deteriorating Plumbing</u></p> <p>A number of educational and general purpose buildings throughout the campus are in excess of 30 years old, and plumbing is deteriorating to the point of causing major operational problems. This plumbing needs to be replaced in administrative and educational buildings.</p>
