Facilities Master Plan

Projects Description and Justification
Year 2
Intermediate Capital Requirements

Institutional Priority #1 – Resurface Parking Lot – Atmore

The Atmore Campus parking lot is approximately 30 years old. Problem areas have been patched numerous times over the years, but the surface has deteriorated to the point that continued patching and maintenance is not cost effective.

Institutional Priority #2 – Student Center - Atmore

Due to an increased enrollment on the Atmore campus, the current student center is being utilized for classroom-instructional activities. There exists the need for a new multi-use student center that will provide a student lounge, a conference room, faculty offices and restrooms.

Institutional Priority #3 – Student Center – Brewton

The Student Center (#7) on the Brewton campus was constructed in 1966. The building is in need of renovation to improve areas that serve students. These areas include the student lounge, deli, bookstore and restrooms.

Institutional Priority #4 – Classroom Building – Atmore

Due to increasing enrollment on the Atmore Campus, additional classroom space for academic and technical instruction is required. The facility will include classrooms, faculty offices, and an assembly/lecture hall that will accommodate approximately 150-200 people.
