

Alabama Commission on Higher Education

PROGRAMMATIC PROFILES

**Non-Resident Private Degree Granting
Institutions**

2013

PREFACE

As of October 1, 2013, two hundred and four (204) private, proprietary, and out-of-state public institutions licensed or exempted from licensure by the Alabama Department of Postsecondary Education (ADPE), were operating as foreign corporations in Alabama. These degree and non-degree granting institutions offer more than 2,965 programs of study.

The *Profiles* which follow identify the programs offered by the 166 degree-granting institutions subject to full-scale programmatic reviews conducted by the Alabama Commission on Higher Education (ACHE). Twenty-three (23) of these institutions were approved to offer programs at 57 onsite locations across 22 cities in Alabama. The remaining 143 institutions offer their programs of study strictly online to Alabama residents.

Oversight of non-resident institutions has been delegated to two (2) separate agencies in Alabama, the ACHE and the ADPE. Under provisions of Ala. Code §16-5-10 (14) (1975) no institution of postsecondary education located outside of Alabama may offer units or programs of instruction within Alabama without prior approval of the Commission. The Commission under its rulemaking authority establishes criteria for the approval of such institutions and programs. Under provisions of Ala. Code §16-46-1, et seq. (1975), the ADPE is responsible for the licensure of private institutions in Alabama, both resident and non-resident under provisions of the Alabama Private License School Act, as amended in 2004. A Memorandum of Agreement (MOA) between ACHE and ADPE provides for the integration of programmatic review of non-resident institutions with the licensure process.
